ELECTRICAL COMMERCE FOR ORDERING KNIT AND CROSS-STITCH MADE TO
MEASURE COMBINING CONVERSATIONAL MODE GAME OF TWO WAY/MULTIPLE
COMMUNICATION

Representative drawing

(57) Abstract:

PURPOSE: An electrical commerce for ordering knit and cross-stitch made to measure combining the conversational mode game of two way/multiple communication is provided to enhance the speed designing or manufacturing the commodities without limiting the sale quantity.

CONSTITUTION: An electrical commerce for ordering knit and cross-stitch made to measure combining the conversational mode game of two way/multiple communication is a business model on internet. A buyer learns the designing and manufacturing course of the knit and cross-stitch, completes the knit and cross-stitch based on learning contents and buys the knit and cross-stitch products on the internet site. The business is accomplished in two way/multiple communication from the client to the server.
